

nVent ERICO Cadweld Multi

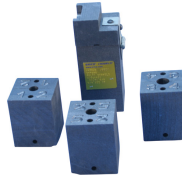

nVent ERICO Cadweld Multi uses innovative mold blocks and a range of disposable gaskets (batting). The gaskets are compressed around the conductors to allow numerous welded connection styles to be produced. nVent ERICO Cadweld Multi replaces over 35 separate molds. Simple to read installation diagrams indicate the set up and number of battings needed to make each connection.

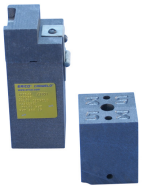

nVent ERICO Cadweld Multi Multiple Connection Type Mold Kit

Kit includes versatile Cadweld Multi mold that produces a variety of connections.

nVent ERICO Cadweld Multi Mold for Vertical and Horizontal Applications

-

nVent ERICO Cadweld Multi Vertical Mold

-

nVent ERICO Cadweld Multi Horizontal Mold Bases and Crucible

-

nVent ERICO Cadweld Multi Crucible Assembly

-

nVent ERICO Cadweld Multi Clamping Assembly

-

nVent ERICO Cadweld Multi Batting Material

Battings allow for numerous Cadweld welded connections to be produced from the same molds.
